

OREGON AREA MOTIONS

As of February 2010, only one type of motion, On-Going, will be listed in the Oregon Area Handbook. They will be listed in Chronological order but also identified as Boundary, Event, Finance, Operational and Policy. Formally, we included Ongoing Motions, Grand Motions and Questions which was changed to One-Time Motions. A definition of Ongoing and One-Time Motions follows.

Ongoing Motion: A motion presented that has an “ongoing” impact on the Oregon Area. It changes procedures, processes or the Oregon Area Handbook information. Ongoing changes stay into effect until such time that a new Ongoing Motion or perhaps a One-Time Motion is presented that changes the practice, procedure, etc. All ongoing Motions will be defined as a type: **Boundary, Event, Finance, Operational or Policy.**

An example of an “Ongoing” Motion would be a motion that approves a change to a Position Description in the Oregon Area Handbook. This change has an ongoing effect in how the position functions and will not change without a future motion.

One-Time Motion (Formerly known as Questions): One-Time Motions are motions presented that have a “one-time” impact. These motions are made to handle business that is occurring in the moment and do not have a long-time impact on the Oregon Area. An example of a One-Time Motion is a motion that approves the disbursement of funds from the Treasury to the Delegate for a one-time expense for attendance at a special event.

As of February 2007 all ongoing motions from Assemblies and AWSC Meetings will be included in the Oregon Area Handbook. All motions will continue to be recorded in the minutes of Assemblies and AWSC meeting, and listed separately at the end of the minutes. One-time motions will only be found in the minutes of each meeting
